## MY PROFESSIONAL BACKGROUND

### WORK EXPERIENCE

AUGUST  
**2017** – **NOW**  
CISCO

#### Pre-Sales Systems Engineer – SD-WAN Architect

Covering all French projects involving the Cisco SD-WAN solution, and delivering trainings to Cisco partners  
Speaker in Cisco Live, Cisco's world-renowned annual customer and partner conference  
Creation and lead of a community for Cisco early-career employees

AUGUST JULY  
**2016** – **2017**  
CISCO

#### Cisco Sales Associates Program

Award-winning graduate training program from Cisco  
The program based in Amsterdam made us grow into a pre-sales engineer role, via a training then a progressive integration into the teams

NOVEMBER MAY  
**2015** – **2016**  
EXPORT & VOUS

#### Exporting Mission

As part of MSIAI's training  
Strategic analysis and creation of a marketing plan to participate in the international development of a French software company, NEXIO, in the European IOT market

FEBRUARY AUGUST  
**2015** – **2015**  
ORANGE

#### Security Engineer Internship

Orange Business Services (Obiane) offers customized Networking and Security solutions  
Security engineering participation : action plan follow up, development of procedures, proposal of network architecture to meet security needs, troubleshooting, mockup testing

## MY SCHOLARSHIP EDUCATION

**2015** – **2016**
